REMARKS

Claims 3, 9, 11, 30 and 35 remain in this application. The Examiner indicates that the application is in condition for allowance except for certain formal matters, and prosecution on the merits is now closed.

Specifically, the Examiner notes that the specification does not include a brief description of each figure as required by 37 C.F.R. § 1.74. In this amendment, the Applicants have amended the specification to include a brief description of each figure. Accordingly, the application is now considered to fully comply with 37 C.F.R. § 1.74, and a timely Notice of Allowability is solicited. To the extent it would be helpful to placing this application in condition for allowance, the Applicants encourage the Examiner to contact the undersigned counsel and conduct a telephonic interview.

Attached hereto is a marked-up version of the changes made to the specification by the current amendment. The attached page is captioned **"Version with markings to show changes made."**

While the Applicants believe that no fees are due in connection with the filing of this paper, the Commissioner is authorized to charge any shortage in the fees, including extension of time fees, to Deposit Account No. 50-0639.

Respectfully submitted,
